## DRB Social Contribution Charter

DRB recognizes that the realization of a sustainable society through eco-friendliness, coexistence and mutual growth with local communities, global talent development, and the pursuit of happiness for future generations is an important role for corporate citizens. We aim to create a sustainable society by joining the global effort to achieve the UN SDGs (Sustainable Development Goals).

1. (Active Social Contribution) DRB recognizes social contribution (corporate citizenship) activities as the basic role of corporate management and strives to fulfill our social responsibilities as a corporate citizen.
2. (Global Environmental Protection) DRB strives for sustainable safety of local community and global environmental protection.
3. (Community Contribution) DRB contributes to the quality-of-life improvement of local community by performing CSR activities (corporate social responsibility) demonstrating our professional capabilities.
4. (Cultivation of Human Resources) DRB contributes to building an enriched and healthy society by providing learning opportunities without discrimination and making efforts for future generations.
5. (Need-Based Contribution) DRB takes the lead in CSR activities which are customized based on community needs using our CSR platform (Campus D) and network.
6. (Continued Effort Promise) DRB will devote our attention to the sustainable CSR activities in a continuous and good way rather than a temporal social contribution activity.
